

„STUDY BUDDY”

Mentor for Erasmus+ students

We are looking for students who would like to help international students coming to CM as part of the Erasmus + program.

Participation in the program, however, does not oblige you to round-the-clock care - the most important thing during the entire period of being a caregiver is to have constant contact with each other, so that "your" Erasmus can always count on you. And the time you will spend together is, above all, amazing experiences, a chance for new friendships, deepening your knowledge of a foreign language and really having fun!

The tasks of the "Study Buddy" include:

- **contact** with Erasmus (e-mail) before his/her arrival (there are certainly many questions that will be asked by an Erasmus student while preparing his/her arrival in Poland: from the type of climate, to the cost of food),
- if possible, **picking up** Erasmus from the airport/station or instructing him/her where to go upon arrival,
- **help in accommodation in the** student's house,
- **help in starting at the university** -> contacting the dean's offices, showing how to use the library, where you can eat something, etc.
- joint outings, games, sightseeing, emergency help, etc.

APPLICATION

If you want to become a mentor of an international student, please send an e-mail to:

erasmus@cm.umk.pl with information:

Name and surname; faculty; year of study; level of English (or other languages); information if you live in a dormitory – which one; other comments.

FOR MORE INFORMATION:

Write: erasmus@cm.umk.pl

Call: (0-52) 585 3337
